

Miles & Daughters – Community Fund

About the Miles & Daughters Community Fund

In these challenging economic times, we have established the Miles & Daughters Community Fund to help fund good causes provided by local charities and not-for-profit organisations working for the benefit of people who live within 3 miles of an area in which Miles & Daughters operate. Businesses, individuals and 'for profit' organisations are not eligible.

Miles & Daughters Community Fund will be a rolling programme during 2023, where community groups or charities can apply for funding. Applicants will generally be informed of the outcome of their application within one month of the application window closing.

Organisations can request the total cost of the project or a contribution towards the project up to a maximum of £1500

Funding

Sadly, there may be good applications that we will not be able to support because there is not enough money available. We make our decisions based on the information you provide in your application, the programme criteria, and outcomes. We use our professional judgment to make the difficult choices between the projects seeking funding and our decision cannot be challenged. If your application is eligible, but not funded at the first attempt, you may reapply.

Grants are available to fund local activities which improve the quality of life of residents and the wider community. Projects must align with one or more of the four fund categories

1. Health
2. Education
3. Employment opportunities
4. Poverty / Social Deprivation

The Fund aims to support ongoing activities that benefit residents of all ages and priority will be given to:

1. Projects addressing the needs of the most disadvantaged in the local community
2. Projects led by people who can demonstrate a clear understanding of community need and strong connections in that community

Examples of projects that might be funded – this list is not exhaustive

- Health and wellbeing activities for older people e.g., exercise classes
- Literacy or numeracy club
- A charity supporting young people with specialist advice to manage mental health
- Kitchen equipment for a youth project to set up a holiday club
- Supporting a community centre wanting to start a regular lunch club
- A healthy eating project that supports families to cook healthy meals on a budget
- Projects that promote involvement in the local community e.g., volunteering

Examples of projects that cannot be funded – this list is not exhaustive

- Work that has already taken place
- Political donations or promotion of a political cause
- Fundraising activities or challenges
- Running costs and organisation overheads
- Activities which collect funds for redistribution to other charities or individuals
- Overseas appeals
- Marketing promotions
- Research projects
- Projects or activities that the state has a legal obligation to provide

Equality of Opportunity

It is a requirement of our funding that your organisation commits to equality of opportunity and good relations duty.

Funding Decision Process

We will review your application against our funding decision criteria, and we will compare your application against other applications which we may receive. Our decision-making and prioritisation process for funding will typically include, but may not limit itself to, how much we feel levels of deprivation or disadvantage may be alleviated by any funding we provide, along with performing a review of the experience and expertise of the applicant in supporting deprived groups.

By awarding funds this is not an indicator that Miles & Daughters are affiliated in any way with the project. The funds are a charitable gesture and there is no expectation that the organisation will recommend Miles & Daughters services.

Successful applicants informed

Timetable for spending the grant

Successful applications will have three months from the date of offer to spend any grant awarded and a further four weeks after this date to submit monitoring information. If the award is not spent within the three-month period, we may ask for the funding to be returned.

Monitoring and Evaluation

Monitoring and evaluating the projects funded by our grants enables your group and us to better understand the impact of the grant. It helps us to understand community needs more fully, enables your group and us to learn from your project and can also help you put together information that can help to inform our future plans.

Groups who have been awarded a grant will be required to complete a monitoring form confirming the grant has been spent and how it benefited the local community.

Celebrating your Miles & Daughters Community Fund Award

Sharing your successes will help inspire other groups to make a difference in their community and highlight the great work you have done. With your permission your activity will be shared on social media and our website. We may also issue a press release so will require your permission, participation, and cooperation for taking and using photographs and conducting any interviews providing comment or quotes.
